## ADVANTAGES OF FOAM

Contact time maximizes chemistry's effectiveness

Visual marker for equipment operator

Expansion rates reduce water and chemical usage

Reduces labor costs

# Single Door **Foam Unit**

DS1

## SPECIFICATIONS

9 by 5 foot potential coverage area

Draws from pre-mix solution

Santoprene or Viton pumps

5 to 10 cfm at 40 to 80 psi

This single door unit operates with a pre-mix solution of water and foaming chemical. With wide coverage of spray, people don't have to go out of their way to step into the sanitizing foam. The unit runs on a digiset timer which allows you to control the output depending on the traffic of the doorway.
