ADVANTAGES OF FOAM

Contact time maximizes chemistry's effectiveness

Visual marker for equipment operator

Expansion rates reduce water and chemical usage

Reduces labor costs

Single Door **Foam Unit**

SPECIFICATIONS

12 by 5 foot potential coverage area

Draws from chemical concentrate

All S.S. foam enhancer assembly

Polyethylene locking hinged box

The DS4 allows the control box to be mounted up to 150 feet away from the spray tip assembly. The new foam enhancing nozzle is constructed of Stainless Steel and produces twice the amount of foam as our GK6T, which allows for shorter run times and a larger coverage area of foam. The DS4 can operate up to two nozzle assemblies at a time.
