

Save labor. Save time. Save chemical.

Less scrubbing. Fewer repeat applications. Faster drying times. By applying chemical with foam instead of wet spray, you can complete more jobs, more efficiently than ever.

Pump-Up Foam Units

- Perfect for small jobs and spot cleaning
- Great way to give foam a try
- Manual pump
- Viton seals
- Small footprint
- 2-3 ft. output distance

Electric Foam Unit (120 VAC)

- Great for large jobs
- On-board air compressor
- Use your own chemical reservoir
- 25 ft. coiled tubing (or optional 100 ft. twin-line tubing)
- Santoprene, Viton, or Kalrez seals
- 4-6 ft. output distance

1.5 Gallon Battery Foam Unit

- Great for jobs without power
- Up to 2 hours of runtime (non-continuous use)
- Battery charge indicator
- Santoprene, Viton, or Kalrez seals
- 15 gallon capacity
- 5-6 ft. output distance

Mold remediation | Water & flood damage | Fire & smoke | Crime & trauma | Illicit drug lab cleanup
Upholstery & carpets | Cleaning & deodorizing | Infectious diseases | Sewage backflow

Why choose foam?

- Longer dwell times – less likely to need multiple applications
- Reduced labor
- 10x product expansion/blow ratio – cover more surface area with less chemical
- Clings to vertical surfaces
- Low moisture – quicker drying times
- Visual marker that helps ensure complete coverage – no missed or repeated areas
