Chemical Jug
2.5 Gallon

FOAMit

The Good Stuff

- **Small in size, mighty in durability**
  Crafted with robust, corrosion-resistant materials including polypropylene, polyethylene, and stainless steel, these jugs are built to last

- **Product levels at a glance**
  Translucent polyethylene jugs allows quick visibility of product levels

- **Configure with color**
  Caps and jugs come in a variety of colors to match your chemical management systems and quickly tell units apart

Features

- Product level markings in gallons and liters
- One-way vent included on jugs with suction fittings to prevent vapors and leaks
- Optional integrated suction fittings for 1/4 in. I.D. Hose, with draw tube for chemical pickup
- Optional stainless steel rack, designed for easy cleaning
- Also offered in a 5 gallon capacity

Specs

- **Capacity** .... 2.5 gallons (9.5 liters)
- **Tubing/fitting size** .... jugs with suction fitting option include fittings for 1/4 in. (6.4 mm) inside diameter hose

Requirements

- **Liquid temperature range** .... 40-100˚F (4.4-37.8˚C)
- **Chemical compatibility** ....chemical products used with this equipment must be formulated for this type of application and compatible with unit materials and pump seals. For more information on chemical compatibility, consult the manufacturer or SDS for your product or contact our customer service department.

Options

- Suction fitting - (S)
- Stainless steel rack - (R)
