

# 1.5L pump up mist unit

MU1.5L

## the good stuff

- **hard surface cleaning in a blast**  
disinfect high traffic surfaces faster and more ergonomically than pull-trigger sprayers.
- **wide application of chemical**  
nozzle guarantees a wide and even distribution of cleaning chemical where it's needed.
- **12 pumps from start to finish**  
save forearm, wrist, and hand fatigue from traditional trigger pull bottles. 12 pumps is all it takes from full to empty versus 800 trigger pulls from a spray bottle.

## features

- mists at any angle, even upside down
- efficient and ergonomic alternative to trigger sprayers
- compact unit with manual pump
- maximum portability for small jobs and spot cleaning
- comfortable grip handle with trigger for quick on/off control
- pressure relief valve for safety
- viton pump seals for chemical compatibility
- polypropylene tank and pump head
- view stripe for easy visibility of product levels
- stability base with gripping notches

## specs

- **power type** ..... manual
- **chemical pickup type**..... draws from pre-mixed solution
- **number of products unit can draw from** ..... one product
- **capacity**..... 0.4 gallons (1.5 liters)
- **discharge wand/tip type** ..... polypropylene trigger handle with button-style hollow cone misting tip
- **output distance**..... 4-10 inches (10.16-25.4 cm)
- **output volume**..... 2.84 oz/min (84 mL/min)
- **flow rate**..... 2.84 oz/min (84 mL/min)
- **pump seals** ..... Viton
- **product height**..... 12.625 inches (32.0675 cm)

## options

- available in black or white

## requirements

- **liquid temperature range**..... 40-100 ° F (4.4-37 ° C)
- **chemical compatibility**..... chemical products used with this equipment must be formulated for this type of application and compatible with unit materials and pump seals. For more information on chemical compatibility, consult the manufacturer or SDS for your product or contact our customer service department.

## industries

- institutional
- kitchens
- food retail
