

Airless Footwear Sanitizing Unit with Standalone Handle

SS4-BSH

The Good Stuff

- **Powered by you**
Operated by the force of a human step, the SS4 is free to go wherever footwear sanitation is needed. Sets up in minutes in any location
- **Consistent coverage**
Eliminates spray bottle applications which result in inconsistent application and over-spraying product. With four spray tips, footwear is evenly covered efficiently
- **Hold on tight**
Handlebar and base provide stability and support while using the unit freestanding
